

Dear Parents,

Kindergarten is vital to the years your child will spend in school. The academic foundation your child receives will support your child's entire school future. Pepper Valley would be privileged to be the first in building your child's educational path.

The advantages of Private Kindergarten and what makes our program unique:

- Individualized well rounded Curriculum
- Instruction tailored to fit each child's needs
- Small class size, (max 14 students)
- Time to thoroughly explore curriculum
- Active communication, with an emphasis on teacher, child and parents working together to achieve goals

The Private Kindergarten program meets the needs of an emerging elementary student with emphasis in the areas of mathematics, reading, writing, language, and comprehension. Social studies, science, art, music & physical education is incorporated into our curriculum as well.
