

Thank you for enquiring about Pepper Valley Learning Center!

Our center was established in 1974. We have had the privilege of being a “home away from home” for many children over the years. Some of those children are now parents and they are entrusting their own families to our care.

Our goals for your child are:

- To provide a safe and happy environment.
- To strengthen their development by providing enriching experiences.
- To increase their interest in learning.
- To encourage self expression and creativity.
- To provide an environment that promotes learning and security.

We provide age-appropriate activities in the following areas: art and crafts, music and movement, literature, science, cooking activities, reading and listening comprehension, printing, and simple math and science concepts. These exercises will help the children develop social skills and gross and fine motor skills.

What else do we offer?

- An excellent private kindergarten program, which surpasses the state’s school requirements. Our program is limited to 14 children per instructor.
- A center which is open year round.
- Many special activities scheduled throughout the year.
- A fun summer agenda for all ages.

Please feel free to visit or call at any time. Our hours of operation are: Monday through Friday, 6:00a.m. until 6:15p.m. Come by and allow us to show you our center and answer any questions you may have.

Sincerely,

Carie Allan
