First Day Drop Off

Be excited about school, remind your child when you will be back; after nap, before lunch, after snack, during outside play time. Take your child to the teacher, say good bye, then leave the immediate area. You can stay a little longer in another room and can call to check on your child as often as you like. Your child may cry during drop off, our staff will help comfort them and reassure your child that you will return. We are here to help make this a smooth transition for your child and for you.
